Many are the duties performed by Mrs. Bessie Corr whose official title is Secretary to the Principal. Whether it be schedule changes, collecting fees, filling in college applications or transcripts she keeps the office going with her usual skill and efficiency. No matter how rushed she is, her keen sense of humar never fails.

In addition to the numerous personal problems that doily confront Miss Kate Parks Kitchin in her copocity of Guidonce Counselor, there are mony instances of other natures to be met. These include guiding students in preparation for employment, oiding callege bound seniors with admission pracedures and helping them obtain scholarships. In every phose of activity she is the epitome of poise, courtesy and toot o gracious lody.

OUR SUPERINTENDENT SPEAKS . . .

It is my pleasure to extend o sincere greeting to the students of Rocky Mount Senior High School, both past, present, and future. Graduates of the past will doubtless be pleasantly surprised at what they see when they visit the new campus, with its modern and beoutiful buildings. Students of the present are now enjoying the use of these facilities, and students of the future ore eagerly awaiting the day when they may claim this plant as their school. It has been o pleasure for the school administration and the School Board of Rocky Mount to plan for and provide the buildings which comprise this beautiful plant, and it is our hope that all who come this way will enjoy them to the fullest.

D. S. Johnson, Superintendent

MAY I HAVE YOUR ATTENTION, PLEASE

I hope this book will serve for many a year to arouse pleasant memories of the life at Senior High. The years spent here are so bound up with hopes and aspirations, joys and ambitions, that they will always stand out os among the happiest in your lives. This Hi-Noc-Ar is a visible symbol of these years, and as will play its part in many a happy hour of recollection. To all of you who are included within these poges, and especially to those of you who are graduating from Senior High this year, I wish good fortune and happiness from your olma mater!

SUPERINTENDENT'S STAFF

Upon the shaulders of Miss Glenda Overman, Mrs. Ann Spruce, and Mrs. Frances Speight rests the responsibility af keeping track af the recards and persannel af eleven schools that camprise the Racky Maunt City System.

OFFICE ASSISTANTS

Since the principal's affice is the heart, generally speaking, af all activities af the schaal, it is necessary ta have a graup af student assistants to help keep things running smoothly. The 1954-55 "big wheels" (from left ta right) are Pat Edwards, Linda Jayner, Jeanette McIntyre, Jean Raat, and Clora Ann Gilbert.

SCHOOL BOARD

The Baard af Educatian af the Rocky Maunt Schaal District is campased af civic minded citizens warking far the betterment af the yaung peaple. They bind the ties between the schaal, the community, and industry. Our board consists af Mrs. T. R. Easterling, Mr. D. S. Jahnsan, Mrs. Julian Whitehurst, Mr. William Caleman, Mr. G. S. Edwords, Mr. Guy Bornes, Mr. Frank Wilkinsan, Mr. J. R. Wells, Mr. Myers Ivey, and Mr. L. B. Edwards.

GUIDANCE CENTER ASSISTANTS

Last samething? Need o band aid? Need sameane to help with Student Organization activities? Then these are the gals to see. Miss Kitchin's capable assistants are Janelle Frazier, Peggy Manning, Betty James, Gretchen Zabawa, and Joyce Hudsan.

Others

Connie Toylor, Dot Proctor, Chorloine Sugg and Joe Proctor are woiting behind the counter to help serve the hungry mob at 12:35.

Here ore our lodies who serve us that good food in the cofeterio. Mrs. W. G. Proctor, Mrs. Anne Lucas, Mrs. Bettie W. Boone, Mrs. Helen G. Toylor. There's Mr. Show getting ready to heat things up!

Help In Management and Service . . .

Behind the scenes of every organization are those who help make things run smoothly and efficiently. Senior High has such a group in its cofeteria stoff, custodians, and engineer. Our high school students take it for granted that their school will be spotless, worm and comfortable whenever they enter it. Everyday they pile into the cofeteria eagerly, for they know good wholesame food will be waiting for them there. The reason for this positive attitude lies in the fine service of the individuals pictured on these pages. Mrs. Proctor and her stoff not only serve

delicious meols to the students, but they ore frequently colled on to serve civic groups and organizations. The custodions take care of our lawns, keep the buildings clean and ore always pleosantly willing to help move pionos, furnish ladders and maps or open stuck lackers. We have to share our engineer, Mr. Show, with all the other schools, but he is always available in time of need, and takes great pride in keeping our plant in tip top condition. No school could ask for a finer group of workers than these of RMSHS. We solute them for their splendid service!

One couldn't ask for more cooperative custodions than these. Wolter Howard, Allene Howard and Don Dixon.

Mrs. Boone seems to prefer Jello, but Mrs. Lucos soys she'll take pineopple upside down cake ony doy! Mrs. Toylor is too busy stirring the souce for the spaghetti to enter into the discussion!

Yes, we were plenty scored that first morning, but it didn't toke long before foces begon to toke on that familiar look and we began to feel that special pride and sotisfoction in whot was now "our school." Somehow we struggled through those first doys when everything was so new and different. When second semester rolled oround we elected Johnny Hommond our first president. Most everybody thought the Sophomore year was the hardest. Between biology and geometry we sometimes wondered if we would pull through. That year in group guidonce the theme was "Discovering Myself" ond most of us did just that. No mogozine soles for our closs but we did subscribe to a few. Bobby Sovoge was elected President for both semesters bringing the year to o close with the Sophomore Hop. The Hop was a Mosguerode and all those who attended had a great time. UNDER OUR STUDENT ORGANIZATION DEMOCRACY

The preamble to the Constitution of the Student Organization of the Rocky Mount Senior High School defines the purpose of the organization: "to encourage interest in all recognized school activities, to stress scholarship, leadership, character and service, and to cooperate in promoting the general welfare of the school." In striving to fulfill this purpose the Student organization provides the student with the opportunity to porticipate democratically in shaping the policies of the school.

In the basic unit of the Student Organization—the homeroom

—the theory of democratic representation is established and training for leadership is begun. Each homeroom sends two representatives to the Student Organization Representative Assembly. The terms of these people are so arranged that one is always experienced; one, always in training. In this way every

student is directly represented and actually participates in the

work of the Organization.
The second unit of the Student Organization is that of the class Organization. Officers elected by direct vote of all class members, lead this unit in working out plans and procedures for class projects and activities. The president of each class sits with the representatives from the homerooms in his class in the Student

Representative Assembly.

The third unit is that of the General Student Organization. Including the other two units, it is probably the most important and is the only all-inclusive Organization in our high school. The officers are elected by direct vote of all the students. The chairmen of committees are appointed by the President with the approval of the Representative Assembly. The officers, chairmen,

ond editors of the School Publicotions form the President's cobinet. This cobinet ordinorily serves os on Advisory Boord, but ossumes Judiciol Powers in cose of constitutional dispute. It is through this Organization — octing only with the outhority delegated by the Principal and in close ossociation with the Advisor—that problems are discussed, projects corried out, and policies shoped that will benefit the majority of the students.

We are proud of our Student Organization. We feel that through it, democracy is at work in our school; students are learning to practice the democratic procedures that make up our American Democracy. Through its offiliation with the District and State Congress, and with the Notional Association it is reaching out to join hands with other American youth to build a

Coaches C. C. Cleetwaod and C. V. Lundy talk about ball-handling with Captain Clem Edwards.

With all of his first string boys gone from last year's Conference Champs except one, Clem Edwards, Coach Lundy has built a team that has given a good account of itself. Considering the inexperience, the basketball team had a good season, the high spot of which was the 25-19 victory over Wilmington, a chief contender for the champianship. Playing possession ball, the Blackbirds completely tamed the Wildcats in their first encounter.

Another highlight of the 1954-55 season was the dedication of the new Senior High Gym on January 28. After the dedication ceremonies, the "Birds" beat Durham 58-46. A state recard was set that game. Captain Clem Edwards took a rebaund aff the Durham backboard with only a few seconds left in the third quarter, dribbled twice, and shot, ringing the basket. He hit a 76 foot field goal—a state record.

Each of these young men are alumni of both Rocky Mount High School and of FRANK P. MEADOWS & CO.

We like to think that the responsible work they so efficiently performed for us contributed to their later fine records.

Each year we employ a Senior class member and also a Junior in R.M.H.S. The Senior boy chooses the Junior on the basis of character and capability for a job calling for ability to think and do. This plan has worked for us and for the boys. We are proud of them.

This year our Senior is Marvin Barnes, our Junior is Dan Boone. Their names and those of others to follow will go on the Honor Roll of
